**Notice of Draft General Permit  
3-9016**

The Vermont Agency of Natural Resources is proposing to reissue a **general permit to authorize discharges from petroleum related remediation activities** to municipal wastewater treatment facilities (WWTFs - publicly owned treatment works POTWs). The Agency has prepared a draft general permit in accordance with requirements established as part of the Vermont General Permit Rules and the Vermont Water Pollution Control Act.

This general permit is a statewide permit that will regulate and authorize the discharge of treated contaminated water associated with the remediation of petroleum contamination to POTWs.

The public comment period is **May 16, 2024 through June 17, 2024**. Written comments on the proposed general permit will be accepted until the close of the business, **4:30 P.M., June 17 2024**, and can be mailed to the Agency of Natural Resources, Department of Environmental Conservation, Watershed Management Division, 1 National Life Drive – Davis 3<sup>rd</sup> Floor, Vermont 05620-3522. Comments may also be submitted by e-mail: Comments may also be submitted by e-mail to ANR. [wsmdwastewater@vermont.gov](mailto:wsmdwastewater@vermont.gov). All comments received by the above date will be considered in formulation of the final determinations.

During the notice period, any person may submit a written request to this office for a public hearing to consider the proposed permit. The request must state the interest of the party filing such request and the reasons why a hearing is warranted. A hearing will be held if there is a significant public interest (including the filing of requests or petitions for such hearing) in holding such a hearing.
