

Addison Central School District

In our capacity as public schools, the districts of the Addison Central Supervisory Union are required to locate, identify, and evaluate any child or student from birth and up who may require special education and related services in order to access and benefit from public education.

The Federal special education regulations define a child with a disability as a child having a learning impairment, a hearing impairment including deafness, a speech or language impairment, a visual impairment including blindness, a specific learning disability, deaf-blindness or multiple disabilities and who require specialized instruction and related services.

If you know of a child who lives in the towns of Bridport, Cornwall, Middlebury, Ripton, Salisbury, Shoreham, or Weybridge and who might have a disability as described, please contact the principal of your local school district or contact the Director of Student Services at 802-382-1287.

Evaluations will be conducted in accordance with the procedures described in 300.530.300.535 of the Federal Regulations for Special Education outlining the procedures for special education evaluations.
