

# PUBLIC NOTICE

## INTENT TO APPLY HERBICIDES

Green Mountain Power Corporation, 2152 Post Rd Rutland, Vermont 05701 has applied for a permit from the Vermont Secretary of Agriculture to apply herbicides. All herbicides will be applied by ground-based, hand-held equipment. This notice constitutes a warning to residents along the right-of-way that water supplies and other environmentally sensitive areas near the right-of-way should be protected from spray and that it is the resident's responsibility to notify the contact person of the existence of a private water supply near the right-of-way. The contact person at GMP is Jarod Wilcox, (888) 835-4672. Further information may also be obtained from the Agency of Agriculture, Food & Markets Plant Industry, 116 State Street, Montpelier, Vermont 05620-2901, telephone (802) 828-1732.

Operations will commence on or about June 15, 2026 using one or more of the following herbicides: Garlon 4 Ultra, Vastlan, Milestone, Escort XP, Arsenal AC, Arsenal Powerline, Polaris & Polaris AC.

Maintenance will be conducted on the following transmission lines in the following towns:
