

Project Manager / Estimator

Established custom home building company is seeking a motivated and experienced Project Manager/Estimator to join our team. The successful candidate will have strong construction knowledge, excellent organizational skills, and the ability to assist with project management while preparing accurate cost estimates.

Responsibilities:

- Prepare project estimates, budgets, and cost analyses
- Develop and manage finish schedules, including plumbing fixtures, lighting selections, tile, paint colors, and other material specifications
- Order necessary materials

Qualifications:

- Experience in construction estimating and/or project management
- Strong understanding of construction methods, materials, and sequencing
- Ability to read and interpret plans and specifications
- Excellent written and verbal communication skills
- Proficiency with email, spreadsheets, and construction management software
- Strong attention to detail and organizational skills

Compensation:

Compensation will be based on experience, qualifications, and performance.

Location:

This is an in-person position and is not remote.
